New IOOF Home Cornerstone Is Laid In Ceremony Here

By PAUL MOORE
Daily Sun Staff

Approximately 1,500 Odd Fellows and Rebekahs from all sections of Texas attended the impressive cornerstone-laying cenmonies at the new IOOF Home under construction three miles west of Corsicana Sunday afternoon.

Lem Wray, Waxahachie. was the principal speaker, while seven past grandmasters, ten past Rebekah presidents, and scores of other high ranking officers of all branches of the order participated in the colorful ceremonies.

A large amount of money was donated by those present toward the construction of the home after Sherman C. Reed, Dallas, past grandmaster, had issued an appeal to finish the campaign before the grand lodge sessions in Amarillo, March 17-18. Scout Clark, Dallas, president of the ex-students association, presented a resolution calling for lodges to raise $1 per member at once and secure the needed $55,000 for the quarter of a million plant now being erected. The cornerstone was placed in the southwest corner of the 300-foot long building.

Snowwhite Building

Reed outlined discouragements, etc., incident to the launching of the campaign for the children, after offering a prayer. He said the structure would be snow-white when completed after pointing out that God alone was responsble for the success of the campaign after the Order had neglected to provide the children with the home to which they were entitled. He credited Mattie E. Knauff, San Antonio, past president of the Rebekahs, as originating the "love offering idea" by which the campaign has been conducted.

Automobile caravans and chartered busses, some half dozen swelled the attendance at the colorful ceremonies whereby the officials of the Grand Lodge, Rebekah Assembly, Patriarchs Militants, Grand Encampment, and past officers and staffs were presented after being escorted by the Patriarchs Militant and Ladies Auxiliary

High Ranking Odd Fellows, Visitors At Banquet Event

"Cornerstone Banquet" held Saturday night at the IOOF building was attended by approximately 300 guests in the big party honoring the Grand Lodge and Rebekah assembly officers, including most of the present officers, eight past Rebekah presidents and six past grandmasters of the Grand Lodge of Texas, IOOF.

T. F. Aston, Sherman mayor, a past grand master and present senior representative to the Sovereign Grand Lodge, was the principal speaker. He outlined the history of Odd Fellowship in America and the history of the IOOF Home here. Various speakers lauded Corsicana Odd Fellows and Rebekahs and the citizenship in general here for the untiring suppotrt of the Home here. High officials made reports of the state of the order.

Decoration Conferred.

Following the banquet and program, the Decoration of Chivalry was conferred on Brig. Gen. W. A. Chaffee, commander of the First Brigade, and Brig. Gen. E. N. Thomason, Midland, commander of the Second Brigade, Patriarchs Militant, for "meritorious service to Odd Fellowship," the highest decoration in the state in this branch of the Order. C. M. McLaughlin, Tyler, general commanding Fatriarchs Militent headed the colorful ceremony and pageantry displayed in the Decoration of Chivalry.

Frank Rundell, Austin, grand warden, was master of ceremonies.

Wildey Life Reviewed.

Representative Aston outlined the early life of Thomas Wildey, who organized Odd Fellowship in North America early in the last century, with the first lodge instituted at Baltimore in 1819. The first IOOF lodge in Texas was the Lone Star Lodge No. 1 in Houston, organized in 1837, with the first Texas Grand Lodge in 1841 under the Texas Republic.

Turning to that portion of his address dealing with the establishing of the IOOF Home here, the first step was in 1881, and Corsicana was selected as the site

JESTER NOMINATIONS APPROVED BY SENATE EXECUTIVE SESSION

SECRETARY OF STATE BROWN, COMMISSIONER MURRAY ARE CONFIRMED

AUSTIN, Jan. 27.—(AP)—The senate today in executive session confirmed Gov. Beauford Jester's appointments of Paul Brown of Harlingen as secretary of state and William Murray of Houston as railroad commissioner.

They were the only two appointments considered. Both appointments had previously been approved by the senate's committee on nominations.

The executive session followed a whirlwind presentation of 27 bills in addition to several resolutions.

Court Streamlining Urged.

Twelve bills introduced by Sen. Howard Carney of Atlanta are designed to streamline civil and criminal procedures in line with recommendations by trial court judges. A bill to regulate chiropractors made its reappearance, introduced by Sen. Pat Bullock of Colorado City.

A senate joint resolution was introduced asking a constitutional amendment which would limit the number of representatives in the house to 93 instead of the present 151 and provide a term of four years instead of the present two years. Sen. Grady Hazlewood of Amarillo introduced the resolution.

Jester spent the week end putting the finishing touches on his first message to the legislature It will be delivered at a joint session tomorrow.

Speaker of the House W. O Reed said he would not have his committee appointments ready until after Jester has delivered his address, and it may be Friday before they are fortchcoming.

The senate meanwhile has scheduled public hearing on two controversial bills.

The first was set for tomorrow at 2:35 p. m. in the senate chamber. It is a bill proposing to allow life insurance companies to invest in real estate in the form of projects to house a minimum of 20 families each in cities of 50,000 or more population or within 15 miles of such cities.

The second will be heard Wednesday at 7:30 p. m. It is the so-called Fair Trades Practices bill.

ANNUAL BANQUET OF CHAMBER COMMERCE TUESDAY EVENING

ALL TICKETS EXPECTED TO BE SOLD BY MONDAY NIGHT

A streamlined program designed to move at a fast clip was in readiness Monday for the annual membership banquet of the Chamber of Commerce, set for 7:30 p. m. Tuesday at the high school cafeteria.

E. C. Mueller, manager, said Monday that the principal speaker, D. Hodson Lewis, manager of the Southwestern Division, Chamber of Commerce of the United States, would delivre a compact address as the feature of the session.

The program for the event was to go to the printers Monday, and printing of the annual report of activities, to be distributed to members at the banquet, was expected to be received from the printers during the day.

It was anticipated that all of the 300 tickets, on sale for $1.50 a plate, will have been sold during the day.

PLANE CRASHES TAKE LIVES OF GRACE MOORE, SWEDISH PRINCE, 52 OTHERS; INQUIRIES STARTED

COPENHAGEN, Jan. 27.—(AP)—Danish authorities clamped a weight limit today on DC-3 transport planes of 1,629 pounds less than the overall load of the airliner which crashed and burned yesterday, killing Grace Moore of the opera, Swedish Prince Gustaf Adolf and 20 others.

COPENHAGEN, Jan. 27.—(AP)—Royal Dutch Airlines officials hastened today to Copenhagen to investigate a disastrous plane crash which yesterday claimed the lives f American Soprano Grace Moore, Sweden's Prince Gustaf Adolf and 20 other persons.

Officials of the line issued a communique at The Hague indicating belief that the crash might have been caused by mechanical failure, but added that the reason might be hard to ascertain, so completely was the plane destroyed.

Miss Moore, who began her singing career in a Tennessee choir and won fame as a star in musical comedy, the opera and the movies, was the only American in the illfated plane.

Singer on Tour.

The singer had just completed a concert engagement in Copenhagen and was en route to another in Sweden. Valentin Parera, husband of the 45-year old soprano, heard the news of her death at Mouglins, France, where he was convalescing from an illness.

The DC-3 transport plane, with 16 passengers and a crew of six aboard, crashed on the airstrip just after taking off for Stockholm. The liner immediately broke into flames and blazed so fiercely there was no chance for anyone to escape.

The bulletin issued by Royal Dutch Airlines said the plane "took

Airplane crashes at home and abroad over the weekend caused the deaths of 54 persons, including the American Soprano Grace Moore and Sweden's Prince Gustaf Adolf.

In China, search planes were sent out today (Monday) to find a Chinese National Aviation Corp. Passenger plane missing since Monday on a flight from Canton to Chungking. The Chinese Central News Agency once reported the plane had been found, with 18 aboard dead, but later said the report was incorrect, based on a mistranslation of a coded message from its Chungking Bureau.

The four crew members were killed and a $2,000,000 cargo of gold bullion and coins was scattered when another plane crashed into a peak on the island of Hong Kong, off the China const.

On Saturday, 12 persons died in a crash at London's Croydon airport.

90,000 JEWS PLACED UNDER HOUSE CURFEW AFTER 2 KIDNAPINGS

HANGING OF ALLEGED TERRORIST DELAYED IN PALESTINE CRISIS

JERUSALEM, Jan. 27.—(AP)—Two kidnapings of Britons resulted in the placing of 90,000 Palestine Jews under house arrest today, and British military forces postponed the hanging scheduled tomorrow of an alleged Jewish underground terrorist.

Police officials said the kidnapings of a British banker and a British judge apparently were efforts by the Irgun Zvai Leumi, underground organization, to head off the execution of an alleged Irgun member convicted of participating in an attack on a police station.

Hanging Is Postponed.

Lt. Gen. Sir Evelyn Barker ordered an indeterminate delay in the hanging of the man, Dov Bela Groner, 33. The delay was granted when a Palestine attorney acting on behalf of Groner's sister in Lancaster, Pa., Mrs. Helen Friedman, took steps to appeal the case to the privy council, Britain's supreme court.

The military clamped a strcit house-to-house curfew on 90,000 persons in Jewish sections of Jerusalem and Tel Aviv a few hours after 10 persons—described by police as armed Jews—abducted Judge Ralph Windham for the Tel Aviv district court.

Police said they had no clues as to the whereabouts of Judge Windham, heir to a British baronetcy, or of H. A. I. Collins, former British army major, kidnaped from his home in Jerusalem last night.

The police said Windham was taken as a hostage for a member of the underground Irgun Zval Leumi whose execution is scheduled for tomorrow for his participation in a recent attack on a Palestine police station.

British authorities attributed the same motive to the kidanpers of H. A. I. Collins, a retired British major and a director of a Jewisch-owned bank in Palestine, last

PARTITION REJECTED BY ARAB SPOKESMAN IN PALESTINE TALKS

CREATION OF JEWISH STATE OPPOSED AS "SOURCE OF TROUBLE"

LONDON, Jan. 27.—(AP)—Dr. Jamal Effendi Husseini, vice chairman of the Palestine Arab higher executive, rejected partition today as a solution of the Palestine problem and warned that creation of a Jewish state there would be a "permanent source of trouble in the Middle East."

A fresh outbreak of anti-British violence in Palestine by the Jewish underground dimmed hopes for a satisfactory settlement.

Husseini spoke to the British-Arabian Palestine conference, which resumed its sessions despite the continued absence of Jews, a principal party to any conclusion.

"Another Balkans"

Addressing 22 Arab and three British delegates in St. James Palace, Husseini said the creation of "an alien Jewish state" would entail "the creation of another Balkans in the Middle East." He declared all Arabs would resist par-

Leader Of Move To Chop Levies Would Ban Portal Claims

Contract Parley Is Resumed By C.I.O., 'Big Steel' Heads

PITTSBURGH, Jan. 27.—(AP)—The U. S. Steel Corp., and the CIO United Steelworkers, having agreed to extend their existing contracts to April 30, resumed negotiations this morning with the expectation that the Corporation would present its counter proposals before today's session is adjourned.

The union handed management its 15-point program Friday. Philip Murray, president of the CIO and Steelworkers, was not present and his place as head of the union team was taken by David McDonald, secretary-treasurer. Lee Pressman counsel for the Steelworkers, said Murray was in Washington.

U. S. Steel disclosed over the weekend it would distribute more than $30,000,000 in back pay and $17,000,000 in wage increases.

The retroactive pay and the salary boosts are not involved in 1947 bargaining. Spokesmen for both labor and management explained they are the result of a 1944 War Labor Board order issued to smooth out wage inequities throughout farflung U. S. Steel subsidiaries.

The agreement announced over the weekend covers six subsidiaries —Carnegie-Illinois, National Tube, American Steel and Wire, Tennessee Coal, Iron and Railroad, Columbia Steel, and the Ironton (Utah) plant of Geneva Steel.

Similar pacts are being arranged for other U. S. Steel firms, while throughout the industry an estimated 84 companies are reported following the same WLR directive.

Some of the back pay checks will total as much at $1,800. The company said the future wage boosts equalled a cent-and-a-half an hour

WASHINGTON, Jan. 27—(AP)—Rep. Knutson (R-Minn), leader of the move in congress to cut individual income taxes, said today it can't be done if portal pay suits stand up.

He introduced legislation to outlaw the suits.

Chairman of the tax-writing house ways and means committee, Knutson told his colleagues that treasury estimates indicate the government may have to pay as much as $4,000,000,000 if the suits are successful. He added:

"Such an enormous loss in revenue would, of course, put an end to any hope for individual tax relief this year."

Senate Committee Active

Knutson is sponsoring a bill to cut individual income taxes 20 per cent.

A senate judiciary subcommittee has been holding hearings for 10 days on bills introduced there to void the portal claims.

Senator Wiley (R-Wis), author of one of the bills, tola the group today that "a recession threatens America—and the portal suits make it "more and more possible".

The legislators received a request from President Truman for appropriation of $300,000,000 for costs of government and relief in the occupied areas of Germany, Austria and Japan.

This amount would be in addition to $425,000,000 previously appropriated for the 12 months ending next July 1.

Rep. Landis (R-Ind) introduced a resolution which would have congress declare that the United States favors banning compulsory military service throughout the world by international agreement.

David E. Lilienthal, nominated by President Truman to be chairman of the atomic energy commission, gave the senate atomic committee his ideas of the big problems facing the commission. He

EMBRY S. FERGUSON URGES CITIZENS TO MAIL IN DONATIONS

HALF OF MARCH OF DIMES REMAIN IN NAVARRO COUNTY

Embry S. Ferguson county chairman of the March of Dimes drive, urged all citizens who received direct mail cards to send in their contribution as soon as possible.

"Thus far we have only received about fifty of the cards and sent out five hundred," he stated.

One half of the proceeds collected by the committee will remain in the county chapter fund for local use and the other half will be sent to the national organization for research and emergency use.

The local committee is currently operating a Wishing Well at the corner of Beaton and Collin street, sending out cards, and collecting dontaions by mail.

Those desiring to contribute to the drive may do so by addressing donations to "March of Dimes, Box 463, Corsicana, Texas."

"Those dimes are insurance for Corsicana and Navarro county," Ferguson said.

Cooler Weather Is Moving Into Texas To End Springtime

By The Associated Press.

A dry cold front moved into Texas today, dooming the warm touch of spring that has blanketed the state for the past several days.

At 10 a. m. the weather bureau said the front was just north of Amarillo and would bring freezing temperatures to the Panhandle and to the Red River Valley of East Texas tonight.

Meanwhile, Texas weather continued sunny and cloudless and exceptionally warm for this time of year.

A forecast of 26 to 32 degrees was made for the Panhandle tonight. For the Red River Valley, a reading of 30 to 32 degrees was predicted.

Georgia Governors Factions Continue Battle Over Post

ATLANTA, Jan. 27.—(AP)—Opponents of Herman Talmadge sought recess today of Georgia's legislature until April 7—ostensibly to "study legislation for white supremacy in Democratic primaries—while a few blocks from the capitol 400 "aroused citizens" held a stormy meeting protesting Talmadge's unprecedented election as governor by the legislature.

Introduced in the house as a joint resolution, the recess proposal drew heated debate.

In downtown Atlanta, meanwhile, a woman was forcibly ejected from the protest meeting after shouting in behalf of Talmadge. She identified herself as Mrs. Grace Connally of Atlanta, the same person who appaered in Talmadge's behalf at a citizens' meeting in Atlanta last week.

Talmadge, in a news conference, declined to comment of the prospect of slow strangulation of governmental functions through lack of funds—a thrent raised yesterday by Georgia's state treasurer, who said he would reject tax collections and refuse disbursements to appointive department heads until the courts decide who is legal governor.

Dairymen's League, Officials Fined In Butter Price Case

NEW YORK, Jan. 27—(AP)—Federal Judge Alfred C. Coxe imposed a fine of $25,000 against the Dairymen's League Cooperative Association and fines of $1,000 each against four officers of the association today after they entered pleas to a criminal information charging manipulation of the New York butter market to fix the January, 1947, milk price.

The individuals named were Henry Rathburn, president of the association, and three members of the executive committee of its board of directors, Leon H. Chapin, Hedley Benson and Herbert Seeley.

Body Of Capone In Mortuary, Pending Funeral Rite Plans

MIAMI BEACH, Fla., Jan. 27.—(AP)—The body of Al Capone, once fabulously wealthy Chicago gang leader whose attorney said he died broke, lay in a mortuary here today, waiting completion of plans for the funeral here later this week.

Dr. Kenneth Phillips, who attended Capone for several years and was with the 48-year old exmobster when he died in his 25-room villa on nearby Palm Island Saturday, said the final rites would be held here. Other information, he added, must come from the family.

Close relatives visited the funeral home last night but left without revealing any further plans.

In Los Angeles, Capone's attorney, Abraham Teitelbaum, said as far as he knew "Al left no will and no money." The lawyer said members of Capone's family had supported him in recent years, and the villa was "mortgaged to the hilt."

Federal officials once estimated Capone's fortune at $20,000,000 but, Teitelbaum said, "Al still owed the government money when he died."

HISTORY OF NAVARRO COUNTY'S P.&S. HOSPITAL REVEALS GREAT WORK DONE, EXPANSION NEEDED

By BOB CAMPBELL
Daily Sun Staff

Thirty-two years ago the commissioners court of Navarro County was in rather a strained session.

It was apparent that unanimity had flown out the window; that dissension had taken its place at the conference table.

Commissioners Worthington, Slay, Payne and Medaris were on hand. At the head of the table was County Judge R. R. Owen.

Hospital Institution Studied

Before them was the paramount question if the time—should or should not the county go into the hospital business.

The matter had been discussed with calmness and heat throughout the county. There were those who maintained the increasing demands for hospital service severely taxed Corsicana's lone haven of mercy.

There was a privately owned hospital, operated by Dr. B. F. Huoston. It had 12 rooms and an operating room, and was a clean, neat, compact affair.

But proponents insisted the county should establish a hospital unit. The opposition, with eyes well-trained to watch the dollar mark,

TEXANS PAYING MORE POLL TAXES THAN IN PREVIOUS OFF-YEAR

By The Associated Press.

Texans, with the memeory of a heated state election still fresh, are paying their poll taxes slightly better than they did in the last off-election year of 1945, but are far shirt of the 1946 total.

A survey showed that poll taxes were being paid heavily in areas where special elections are planned, but are lagging elsewhere with the deadline four days away.

Waco, which had a total of 10,736 poll taxes last year, already has 8,886 paid. A possible superhigh way right-of-way election or a city improvement election is anticipated there.

Pampa, which also has a special election, has 2,020 taxes paid (plus exemptions) compared with 2,300 in 1945, last off-election year. Officials predict a total of at least 2,500 there by Jan. 31.

Mayor John C. Calhoun, like another agency in an old song, would protect the working girl, but he refuses to go hungry to prove his sympathy for her.

Corsicana's ranking citizen with some 100 others was seated in the Navarro Hotel Coffee shop at noon Sunday when waitresses walked off the job. The walk-out took place, according to the girls, after manager J. D. Nettles refused to grant a pay increase, requested in a joint petition Thursday.

Patrons Serve Selves

When the waitresses, having no gauntlets handy, threw down their aprons and retired from the scene, Nettles invited patrons to serve themselves from the kitchen. Calhoun doffed his official dignity and attended to the wants of his party which included Mrs. Calhoun and their daughter and son-in-law, Mr. and Mrs. Thomas M. George III.

The capacity crowd included many regular Sunday customers who made a gala event of the affair. The strike was something of an unprogrammed event for Odd Fellows and Rebekahs in the shop, lodge members gathered for the Sunday cornerstone ceremonies at the I. O. O. F. Home.

The coffee shop operated through early Sunday afternon, re-opening Monday morning with a new local crew which Nettles complimented as functioning smoothly.

Couple New Cases Smallpox Reported Within Corsicana

Dr. Will Miller, acting director of the Corsicana-Navarro Health Unit, reported Monday two additional cases of smallpox within the city limits, marking the third in a week.

The new cases are in negro families located in the 200 block of North Bunert street and the 100 block of West Sixteenth avenue. The first case reported was in a Mexican family living in the 1300 block of East Sixth avenue.

Dr. Miller stated the three cases were the greatest number reported in a ten-year period. The health unit located in the basement of the State National Bank is available for immunization of needy patients.

CHILDREN TO GET U. N. FOOD

By JOHN A. PARRIS, JR.

LAKE SUCCESS, N. Y., Jan. 27.—(AP)—The millions of hungry children in war-devastated Europe and China are going to get at least one square meal a day.

Under a 54-member United Nations agreement, a voluntarily-financed international children's emergency fund is being put into circulation to make sure that the new generation can "build on a sound foundation the world of tomorrow."

U. N. Secretary-General Trygve Lie, in a report published last week on the establishment and management of the fund declared "that of all the urgent problems of reconstruction arising at the present time, none is more important than that of bringing about the rehabilitation of the younger generation."

Aid For Children.

Under U. N. plans, the fund will be put to work feeding children in countries which have lost as victims of aggression as many as one person in every four of their prewar population, where children were not only deprived of food "but lived in a state of constant terror, witnesses of the massacre of civilians and of the horrors of scientific warfare, and exposed to progressive lowering of standards of social conduct."

The U. N. general assembly, in creating the fund, declared that "the urgent problem facing the Untied Nations is how to ensure the survival of these children."

Recognizing that the greatest burden of relief work will fall on national governments, the United

MRS. ROOSEVELT ELECTED HEAD OF U.N. HUMAN RIGHTS PANEL; TO SEEK FREEDOMS OVER WORLD

LAKE SUCCESS, N. Y., Jan. 27—(AP)—Mrs. Franklin D. Roosevelt was elected chairman of the United Nations Human Rights Commission today as it began a long task looking toward establishment of machinery to safeguard fundamental freedoms throughout the world.

The wartime president's widow was nominated by Mrs. Hansa Mehta of India, only other woman delegate on the 18-nation commission, and chosen without opposition. Mrs. Roosevelt had headed the commission in its "nuclear" meeting in New York last spring.

The commission's job specifically is to implement the principles set forth in the U. N. Charter.

In that document, all member states have undertaken to promote and encourage "respect for human rights and fundamental freedoms for all without distinction as to race, sex, language or religion," but as one delegate pointed out, there are many parts of the world where such rights and freedoms exist only "on paper."

The commission was expected to act first to establish an international bill of rights and then set up several sub-commissions to lay down specific definitions of the rights and freedoms guaranteed by the U. N. Charter.

SENATOR "SUSPECTS" RUSSIA IS BUILDING ATOM FISSION PLANT

WASHINGTON, Jan. 27—(AP)—Senator McMahon (D-Conn) said today he suspects Russia is developing "an atomic fission plant" in the Ural Mountains while American and Soviet officials are debating plans for worldwide atomic control and disarmament.

The former chairman of the special congressional committee on atomic energy added in a speech prepared for senate delivery that this country must "swap atomic knowledge for atomic control" immediately or face eventual destruction by the awesome new weapon.

McMahon, who three months ago proposed a compromise control plan designed to get around Russia's insistence upon the right of veto, pleaded anew for its acceptance, declaring:

"It is in the interest of our own security, to get inspectors behind

CORSICANA, TEX., JAN. 28, 1947

PROSPERITY FOR ALL

"It is our long-run interest to help India, China and low-production areas in South America to overcome their chronic food shortage," believes Chester Davis, chairman of the President's Famine Emergency Committee and former War Food Administrator. Except for the Argentine, which has plenty of beef and grain, "most of South America is far from self-eufficient in food even by low-consumption levels," said Mr. Davis who believes development of the agricultural resources of these countries would put them in a posititon to trade with the United States.

The food shortages in these regions are caused not so much by lack of natural resources as by poor and primitive farming methods, one-crop production and inadequate transportation so perhaps it is up to the United States to teach them modern agricultural practices, to equip them wih farm machinery and the capital to start.

This is a practical approach to the theory that mankind is responsible for his brother. If this country aids starving nations to get on their feet, not only will the countries so helped enjoy improved living standards, but they will contribute to American prosperity since they will become customers for America goods. This is the 20th century's interpretation of casting one's bread upon the waters.

LAND, SEA AND AIR

The tightening of the bonds which bind together the separate branches of national defense has been long overdue. The present plan sounds effective. Army, Navy and Air Force will each have its own head, and these three secretaries will be under one Secretary of Defense who will have a place in the cabinet. If the head of any one believes his division is not getting sufficient attention in any way, he may go directly to the President. But the chances are that such a bypass will seldom be needed. It is there to insure justice.

Economy and efficency are to be served by the new move. The nation hopes they will be. It is also pleasant to many ears to hear that there will no longer be a Secretary of War. Armies are needed and serve well in many crises of peace. No one in San Francisco in 1906 will forget what it meant to have the army march in to restore order to that earthquake and fire-stricken city, to stop confusion, rioting and looting, to see that all were fed and no more fires were started. The Navy, the Coast Guard with its continual patrolling and air-sea rescues, are both of constant value for peace.

When it comes to war, defense is the only reason why America should ever enter one. Americans will have greater confidence than ever in their forces, united in their new Department of Defense.

NEW BUT NOT GREEN

More able legislative performance than usual can be expected of the 80th Congress. While there are a lot of new senators and representatives, there are among them many experienced public servants, many seasoned business men.

The senate has the following former state governors as new members: Raymond Baldwin of Connecticut; Edward Martin of Pennsylvania; John Bricker of Ohio; Edward J. Thye of Minnesota, all Republicans; J. Howard McGrath of Rhode Island and Herbert R. O'Conor of Maryland, Democrats. Other new senators who know their way around include: Wisconsin's Joseph R. McCarthy, a former Marine who defeated LaFollette; New York's Irving M. Ives, close to Dewey; Ralph E. Flanders, member Committee for Economic Development and a Vermont businessman; Zales N. Ecton, with long political service behind him in his native Montana; Virginia's Democrat, A. W. Robertson initiated through service in the House.

At this time the nation needs the talents of its ablest citizens. It is heartening to find men of wide experience in the senate. The nation will be watching them.

TAX CUTS

Everybody is tax-conscious these days. When President Truman in his annual message to Congress recommended extending through 947 the present excise taxes due to expire July 1, a great howl went up. These taxes are largely on luxury items like liquor, furs, cosmetics, jewelry and electrical equipment. By and large a person can get along pretty well without buying any of these items. But families of modest means find the heavy income tax a burden. The withholding tax machinery, for instance, results in the fact that workers who were paid high overtime rates, actually receive no more take-home pay than for regular hours. This is a little tough, disappointing and a bit hard on any man's arithmetic. Consequently cuts along the line of straight income tax schedules would be appreciated.

However, the country as a whole, should clamor for a balanced budget first and tax cuts afterward. A budget can be balanced, as any thrifty person knows, by eleminating costly expense items The Congress can profitably study expenditures first and consider seriously the points at which they can be reduced. Then it will be time to contemplate tax cuts.

WHY TEACHERS LEAVE

Everywhere there is a shortage of teachers, and school boards are raising salaries to keep the schools from closing. Money, however, is not the whole story, as Carl T. Feelhaver, president of the Iowa state educational association, has just pointed out. Interference with teachers' private lives has driven as many out of the profession as low pay.

"When eyebrows are raised over playing cards by teachers, dancing or engaging in other forms of widely accepted social behavior which the 'best' parents enjoy as a matter of course," says Mr. Feelhaver, "it becomes for many teachers not only an intrusion upon their private lives but an obnoxious discrimination."

Every community, large or small, has busybodies. They probably cannot be reformed, but at least they could be kept from interfering with the schools.

And as if aged cars did not have enough to stand already, anti-freeze is reported scarce. Who would be a car?

It would be interesting to know what the Soviet propagandists are saying about the career of Senator Bilbo.

DRIVER'S LICENSE

"This is your license to drive," said he,
Then turned to the next in line;
And I had the right once more to be
At the wheel of that car of mine.

The color of hair had changed to gray,
From brown in three years speed;
But I thought as I carried my card away
Of the more that he might have said.

"Here's proof that your state believes that you
Are a man who will drive with care;
That never a reckless act you'll do
On a crowded thoroughfare.

"This license to drive is on you bestowed
As one that your state can trust
By night and by day, to be fit for the road.
So live to that faith you must."

LOCAL HIGH SCHOOL BASKETBALL QUINTET LOSES DISTRICT TILT

BELL COUNTIANS WORK SMOOTHLY IN HANDING NAVARRO BOYS LICKING

Corsicana's Tigers were routed badly by a smooth functioning Temple Wildcat five Friday night in Temple by the tune of 40-10 as the Bell county quintet racked up its fourth win of the year in District 10-AA competition.

Paced by Peanut Festervand with 11 marks, the Wildcats piled up points in a steady procession while the Tigers helplessly chopped away at unfamiliar fan shaped backboards.

A completely ineffectual Tiger offense bobbled chance after chance at the meshes with monotonous regularity to come out of the tilt with the lowest total registered thus far in the year.

Bill Davis proved the only Tiger with any ability to drop the hide through the hoop, amassing six points while his running mate Bill Reed froze on the trigger and finally fouled out in the second half after only ringing the bell once.

In the B game the Tigers led at half time 16-11, but were hog tied in the second half while Temple hit the glory road to romp away with a 34-24 victory. Corky Harkins with eight points led the locals while Dillon paced his team with ten points.

Midterm Graduates Awarded Diplomas Thursday Evening

Declaring that high school graduates little know what life in its entirety will be, Mrs. H. R. Stroube, president of the board of educatiotn, reminded the mid-term graduates of Senior High school that Beauford H. Jester had no idea when he received his diploma that he would some day be governor of the state of Texas.

Diplomas to ten graduates were awarded by the president at the graduation exercises Thursday afternoon at 5 o'clock in the high school library. Diplomas to two former students who fulfilled requirements by Armed Forces study were awarded, however, the recipients were not present.

Deciding Futures

"The world is shaped by what you do and I do today. We are deciding the future today. Live life a little at a time and make your decisions one at a time," Mrs. Stroube advised the graduates.

W. H .Norwood, superintendent of city schools, told parents and guests that the students in the city schools were given all the academic subjects, but the other elements of success were their own making.

"If they don't have loyalty, trust, thriftiness and the other necessary qualities, they likely won't succeed in life."

The superintendent stated that the philosophy of schools is to learn to make a living and to learn to enjoy life.

"We know in the main they will turn out all right, but they must make the same application later as they have done here in school. They must presevere, they must strive for better accomplishment in the years ahead."

R. A. Armistead, principal of the High School, declared that the students in the class had decided upon the time, place, and method of graduation.

Representative Class

"We have a representative class here. Two of the boys are football players, two played in the band, and others have participated in all the activities here at the school. Four of the boys finished their high school credits while serving in the Armed Forces. One of them has two children."

Armistead termed the twelve years of school as twelve years of accomplishment and development for the graduates.

Receiving diplomas were Gerald Bee, Lavelle Denbow, Joe Bob Dixon, Milton B. Spurgeon, Leon Crowley, Nelda Ruth Finch, Jacki Mae Garner, Mary Jewel Lowe, Richard Neil Gay, and Kennard R. Farmer. Diplomas were also awarded to J. C. Childers and Shirley Millican, who were not present for the ceremony. Gay, Farmer, Millican, and Childers earned diplomas on basis of Armed Forces study.

The invocation and benediction was given by the Rev. E. L. Finch of the Malakoff Baptist church. His daughter, Nelda Ruth Finch, transferred to Malakoff High school three months previously, but had her credits transferred back to Corsicana so that she might graduate with the class.

Emhouse H. D. Club.

The Emhouse Home Demonstration Club met Tuesday, January 21, in regular session with Mrs Ralph Chany. Fifteen members and one visitor were present.

The meeting was called to order by Mrs. W. L. Rackley. The Club Motto, Pledge and Prayer were read. The next meeting is scheduled for February 4 with Mrs. Loyd Rogers.

State Home Lads Smother Barry Quintet Friday

Completely outclassing the Barry five and scoring at will, the State Home Lad cagers chalked up another victory Friday night on their home court by a top-heavy margin of 59-12. The Lassies came through with a win over the Barry girls 16-7, but found themselves up against a scrappy, competent team.

The Lads started slow, but soon picked up speed to leave the Barry five far behind. Towering over the Barry cagers, the Lads broke fast all night and made most of their points on lap-up shots.

Clyde Carrington's 26 points was the high score for the Lads, and Lawrence and Jones were tied for second place, with 11 points each. Coach John Corner pulled his first team at the end of the third quarter and the B team finished the game for the Lads.

The Lassies had more of a struggle in subduing the Barry settette. It was a tightly defensive game, and the Lassie's nine-point margin of victory was made the hard way. Downey led the Lassie's scoring with eight points.

Scoring.

Lads—Pillows 2, Phillips 2, Carrington 26, Curtis Jones 11, Lawrence 11.

Barry—Barr 0, Owen 2, Braly 3, Barham 0, Tanner 2.

Lassies—Downey 8, Gordon 4, Sanders 2, Campbell 0, Alford 0, Bromagen 0, Anders 2.

Barry—Braly 5, Parks 2, Grimmett 0, Luther 0, Brady 0, Cooper 0.

METHODIST BOARD SECRETARY SPEAKS AT YOUTH MEETING

The Rev. J. B. Holt, executive secretary of the board of education of the Central Texas conference, headquarters in Fort Worth, was the principal speaker at the Corsicana district-wide meeting of the Youth Fellowship held in the Methodist church at Wortham Thursday night with some 350 young people, their pastors, counsellors and visitors present. There were 17 pastors of the district present, and every Methodist charge in the district was represented by a group of young people.

The speaker told of the Crusade for Christ now under way by the Methodist church, the fact that over one million members had been added to the Methodist church last year in the period of evangelism and of the Year of Stewardship now under way. The speaker stated that there was a vast need for young people to enter the work of the church, a great need of young men entering the ministry, and of the expansion of the Methodist church, and its future expansion, both at home and abrond.

He announced improvements being made at Glen Lake Methodist camp, and plans for the coming summer activities, and the annual Youth conference to be held at Southwestern University, Georgetown.

Following the speaker, a short business session was held with the roll call, the offering and the announcement that Groesbeck led with the largest delegation, numbering 43. The meeting was in charge of the Rev. Finis A. Crutchfield, district superintendent, with the program chairmen being the Rev. M. B. Howell, pastor of the Groesbeck church, and district director of youth work.

During the business session it was announced that the February meeting of the Youth Fellowship for the southern zone of the district will be held in Groesbeck and the annual banquet for the northern district will be held at First church, Corsicana, also next month. Motion pictures as a courtesy of the First Methodist church, Corsicana, were shown after which the group gathered in the basement of the church for refreshments as guests of the Wortham church, the Rev. W. S. Fisher, host pastor.

The attendance was practically the same from the two zones that compose the district.

COUNTY PROJECT IS AMONG RECORD ROAD WORK CONTRACTS LET

AUSTIN, Jan. 25.—(AP)—Letting of contracts on close to $8,400,000 in low bids tabulated the past two days by the state highway commission will give Texas its greatest highway construction program in history.

If low bids on the 51 January contracts prove acceptable the state will have almost $70,000,000 in outstanding highway construction contracts, a new all-time record.

The January low bids totaled $8,385,119.97.

Low bids tabulated yesterday by counties, include:

Navarro—State Highways 14 and 22 and U. S. Highway 75, 16.05 miles, hot mix asphaltic concrete pavements, Uvalde Construction Co., Dallas, $148,980.74.

Red Cross Home Service Worker Is Transferred

Mrs. Fleida McLaughlin, who has served as the home service worker for the Navarro Chapter, American Red Cross, since September 1, has been transferred to Red Cross executive headquarters at Paris, according to announcement by Mrs. A. E. Haslam, local home service chairman.

"TEXAS COWBOYS" OF UNIVERSITY TO MEET ON MARCH 29 AND 30

AUSTIN, Jan. 25.—(Spl)—The Texas Cowboys, colorful University of Texas service organization numbering many notables among ex-student members, will hold its 25th Anniversary Round-up here March 28-29, William L. McGill, of Corsicana, first foreman, announced today.

The Cowboys' re-union, to be held in connection with the annual University Round-Up Celebration, will be sponsored jointly by the present campus organization and ex-student members living in Austin and nearby towns. The half-hundred charter members who composed the first group back in 1922 will be special honor guests, but all ex-student members will be urged to return to the University campus to participate in the Silver Anniversary celebration.

Preliminary plans call for three special Cowboy events, in addition to the usual University Round-Up parade, revue and ball, and the Texas Relays, with all the Cowboy activities coming on Saturday, March 29 and including a stag breakfast, luncheon with other University ex-students, and an evening banquet and dance for ex-student Cowboys and their wives, with the 1946-47 Cowboys as hosts.

McGill One of Organizers

McGill, now secretary to Governor Beauford H. Jester, was one of the organizers of the Cowboys, along with Arno (Shorty) Nowotny, now University dean of student life. Davis, Goose Creek; S. G. Garrett, Stewart Harkrider, Morris Midkiff, Joe Ernest Steiner, J. C. Ward, L. L. Bellmont (honorary) and E. C. Rather (honorary), all of Austin; L. M. Glass, Marlin; A. M. Green and Graham Hamilton, Cuero; E. E. Griffin, Houston; T. E. Kennerly, Houston; R. C. Kinnaird, Sapulpa, Oklahoma.; F. J. Lackey, Kennett Square, Pa.; R. W. McKinney, Nacogdoches; C. R. Martin, Longview; H. C. Martin, Littlefield; R. H. Miller, Barstow; Gordon H. Mims, Glasgow, Mont.; Willis (Bill) Murphree, Fort Worth; James C. Orr, El Paso; W. B. Pickens, Eastland; E. E. Ponsford, Electra; Dr. Charles D. Reece, Houston; B. H. Reinarz, New Braunfels; Elgean Shield, Santa Anna; Tom Sloan, Midland; J. D. Sugg, Amarillo; C. B. Thames, Hearne; L. J. Townsend, Brady; C. S. Wallace, Houston; T. L. Weaver, Henrietta; Frank D. Wolf, Wichita Falls; P. D. Woodruff, Houston; and C. M. Wright, Chevy Chase, Md.

Texas Congressman Tom Pickett of Palestine and Lieutenant Governor Allan Shivers are also among the prominent former members of the Cowboys.

Other early Austin members who will meet soon to arrange detailed plans for the Cowboy Reunion include Claude W. Voyles, Ronald W. Byram, Marion W. Fowler, C. L. (Ox) Higgins, Burt Dyke, C. N. (Buck) Avery, Jr., Julian Clopton, Jr., Al Melinger, Al Robinson and Fisher A. Tyler.

Jones-Parnum Vows Exchanged In Ft. Worth Ceremony

Of interest to Corsicana friends was the recent marriage of Miss Betty Carter Parnum, daughter of Mr. and Mrs. Arch E. Parnum, of Fort Worth, and A. L. Jones, son of the late Mrs. Jessie Cliff of Fort Worth.

The marriage service was read by Rev. Hayden Edwards at the home of Mr. and Mrs. William Pannill, uncle and aunt of the bride, on Sunday, January 18th.

An improvised altar of palms and wrought iron candelabra entwined with white carnations formed the background for the ceremony. Mrs. O. A. Wooten provided the nuptialu music.

Miss Margaret Pannill, of this city, cousin of the bride, was maid of honor and Doc Sinclair was best man. Miss Pannill wore a gray suit with pink and brown accessories and a pink carnation corsage.

The bride wore a gray suit with pink blouse, black accessories and an orchid corsage.

A reception for 200 guests followed the ceremony which was attended only by the families of the couple and close friends.

In the houseparty at the reception were Mesdames W. H. Hastings and John Hastings of this city.

Bill To Provide Funds For Junior Colleges Prepared

AUSTIN, Jan. 25.—(AP)—An emergency bill to appropriate $32,500 for apportionment between six public junior colleges established since 1945 is ready for submission in the house of representatives at the earliest possible moment, Rep. George Nokes of Corsicana, one of seven co-authors, said today.

The appropriation would be for the fiscal year which began Sept. 1, 1946, and would be shared on a pro rata basis by Navarro County Junior college, Corsicana; Henderson County Junior college, Athens; Howard County Junior college, Big Spring; Southwest Texas Joint County Junior college, Uvalde; Wharton County Junior college, Wharton; and Odessa Junior college, Odessa.

These schools have been created since the biennial appropriation made by the 49th legislature for public Junior colleges which were already in operation in 1945.

Co-authors of the bill are Rep. Britton T. Edwards, Jr., LaPryor; Rep. Lloyd M. Guffey, Wharton; Rep. Phil Willis, Kaufman; Rep. George Elliott, Odessa, Rep. R. E. (Peppy) Blount, Big Spring; and Nokes.

NEW FACTORY, WING FOR CHURCH INCLUDED IN BUILDING PERMITS

New construction, including a $20,000 brick and steel structure, and a new wing to a church, sent building permits for the week soaring to $36,655. The total for the month was brought to $47,015.

The new factory structure will be erected by the Tex-Sun Glove Co., now in business at 208 South Main street. It will be constructed on South Fourteenth street and the Cotton Belt right of way, and will have a 50-foot front with a 90-foot depth. It will be a one-story building.

Company officials said the contractor, Gene Allen, had not designated a date for starting construction, but that it would be soon.

A permit was issued to the Missionary Baptist church covering an addition of a wing at an estimated cost of $7,500. The building is located at 505 West Eighth avenue.

Another new building was authorized when N. J. James was issued a permit in the amount of $2,280 covering erection of a one-story steel structure at 211 West Fourth avenue, to house an armature rewinding service.

Other permits issued during the week were:

C. F. Bates, to repair porch and roof, one-story house 408 North Main street, $75.

J. B. Hawthone, to build five-room, bath, frame, 1817 West Fifth avenue, $3,600.

H. S. Scroggin, to repair one-story frame, 400 West Tenth avenue, $350.

L. C. Brown to build one-story frame garage apartment, 1907 West Thirteenth avenue, $1,000.

Jose Salazar, to build one-story frame, 915 Titus street, $350.

F. D. Warren to build one-story frame, 832 South Sixteenth street, $1,500.

LOCAL RESIDENTS MUST PAY POLL TAX BY MIDNIGHT FRIDAY

Navarro County and Corsicana residents Monday will enter the last week in which to obtain poll tax receipts entitling them to participate in 1947 elections.

Miss Kate Dunn, city assessor and collector, said 1,181 receipts had been issued up to noon Saturday. Contrary to usual city hall procedure, the office remained open Saturday afternoon to accomodate tax payers.

The city office also will remain open until midnight next Friday as is the usual custom. After that hour 1946 taxes become delinquent, and it will be impossible to obtain city poll tax receipts.

The county tax collector's office reported approximately 3,500 receipts had been issued.

It is necessary to have a state and county tax receipt, costing $1.75, and a city poll tax receipt, costing $1, to vote in the city election next April. It is not necessary to have a city receipt to participate in county-wide balloting.

Annual Reports Filed With District Clerk

E. B. Dawson, former District Clerk, and Constable E. R. Jackson of Richland filed with District Clerk "Rusty" Gaston their annual fee reports Thursday for the year ending Dec. 31, 1946.

Dawson's report showed a total of $7,683 54 earned in fees, $1,110.30 in uncollected fees and $6,573.24 in net fees collected. Total authorized deductions for the year were listed at $6,998.27.

Jackson's report showed $4.60 in total fees earned, $4.60 in net fees collected and no fees uncollected.

NEW MEMBER ADDED TO STAFF OF VETS' AGENCY OFFICE HERE

The Corsicana area branch of the Veteran's Administration has announced the addition to its staff of Eugene C. Hunley, who will be the training officer and field man for Navarro and Freestone counties.

Hunley's principal duties will be aiding in the placing and supervision of the Veteran's Administration On-the-job Training program, and work in connection with Public Law 16. Most of his work will be done in the field but Hunley can be reached through the Corsicana office of the Veteran's Administration.

Hunley is a native of Tyler, and holds degrees from North Texas State Teachers College in Public School Administration and Physical Education. He served 2 1-2 years in the Navy, the last year of which was spent in San Diego naval hospitals in work connected with the rehabilitation program.

Upon discharge, he spent a year as registration officer with the Veteran's Administration in Illinois, where he married. His transfer to the Corsicana area was effectitve January 13. The Hunleys plan to reside in Corsicana, pending the finding of an apartment.

FRENCH WOMAN, ONCE MUSSOLINI'S FRIEND, IS CHARGED AS SPY

BORDEAUX, France, Jan. 27.—(AP)—Madelein Carabouef, who once had a love idyll with "My Benito" Mussolini and shot a French ambassador whom she blamed for breaking up the romance, will go on trial Wednesday as a spy for the Nazis.

The once-beautiful darling of the pre-war Paris literary and theatrical world now is 37 and has become so nervous that doctors have been giving her sedatives.

In 1936 she went to Italy to help "celebrate the Fascist era" and managed an introduction to Mussolini through the French ambassador, Count Charles de Chambrun.

Later, after the romance soured, she blamed the ambassador, and fired two revolver shots at him in a Paris railway station in 1937.

The shooting caused a sensation, but the case never came to trial.

opposed it on the grounds of economy.

Vote Evenly Divided

The matter passed from the intangible realm of discussion and controversy to the concrete one of a vote. The result was as feared. The commissioners divided evenly—two for, two against.

Judge Owen had long legs, and not much lap, but he found what lap he had had been filled entirely with the county hospital question. His vote could either kill the issue, or give it life. There was no fence to straddle, or, as the moderns put it more coyly, no middle of the road course.

Judge Owen voted "yes."

P&S Hospital Born

The Physicians and Surgeons' hospital was born that day in 1914, and it has grown lustily ever since.

Down on Ninth street Peter Bisso had a beautiful brick house and some acreage encircling it. This was purchased and became the first county hospital unit. Dr. S. H. Burnett was named director, and Mrs. A. M. Haslam, secretary.

Today the Bisso residence, with its colorful tile fireplaces, its sturdy walls, big windows, and keystone bearing the legend "Peter Bisso, 1903," is the heart of the present Physicians and Surgeons Hospital. Additions have been made, money expended for improvements in both building and equipment as the years went by, the standards ever being raised, until today the 55-bed unit is the largest hospital in the county. It also is considered having all available modern equipment.

Charity Work Continues

For those without funds it remains even as it was in 1914, a place to go when ill; a refuge when sickness comes gliding through the door. For those who can pay their way it provides a modern, well supervised, medicinal center.

Back in its early days it was found the Bisso residence was not adequate. There was a cry for more beds as the patients increased. Times naven't changed any since.

Today there are indications the building, with its additions and expansions, is still not large enough. More beds are needed. Additional equipment must be added from time to time to keep pace with the medical world.

Operates On Deficit

It is not known for a certainty just how the financial end of the hospital emerged from that first 12-month operation. But it can be supposed that there was a deficit. There's been one every year.

And according to Paul Moore, secretary-treasurer of the board, 1946 kept in step with tradition.

With receipts and disbursements tossed into the hopper, the figures emerge as follows:

Collections: $66,013.95
Expenses: $71,059.17.
Deficit: $5,045.22

Of course it is hardly probable that there could ever be anything but a deficit inasmuch as the hospital operates along the principles upon which it was founded—free help to those who need it.

Doctors Give Services

Charity dispensed last year totaled $4,477.32. The year before that it was $7,218; and in 1941 it was $10,527.

The doctors, down through the years, have given to the unfortunate their best at no cost.

Their services for 1946 were valued at $7,071. In 1945, the figure was $9,406, and in 1941 it soared to $15,545.

With an increase in population, and the ever-increasing desire of patients to go to a hospital when they are ill rather than fight it out at home, officials see for the future a necessity for increase of services, an expansion providing for more rooms, more wards, additional space for Negro patients, a larger nursery (420 cherubs sounded their first healthy squall there last year), more room for crowded ex-ray, laboratory, delivery and operating services.

Officials Remain Same

The institution that was born with a single vote had been guided by those who know it from water-scarred basement to the attic.

On Jan. 18, 1937, the hospital board consisted of J. P. Johnson of Blooming Grove, C. O. Weaver of Dawson, Z. T. Banks of Powell, Dr. G. H. Sanders of Kerens, Paul Moore and Dr. O. C. Bowman of Corsicana.

Today, 10 years later, there is noted only one change. W. A. Crawford has succeeded Johnson.

Another administrative change is noted—Mrs. Ona B. Brown is the new superintendent, succeeding the veteran Mrs. Edna Benson Gordon, who was married recently.

UNCLE OF LOCAL RESIDENT KILLED IN DALLAS CRASH

Willis Presley Threldkeld, aged 45 years, 3924 Simpson, Dallas, was fatally injured Sunday afternoon when his car overturned near the Southern Pacific Lines underpass on Highway 175 (To Kaufman) 12 miles south of Dallas. His death was the seventeenth traffic fatality in Dallas county for 1947. Two other persons in the car were slightly injured.

Highway patrolmen reported that Threldkeld, who was driving the automobile, apaprently lost control of the vehicle. It plowed into a bank on the right side of the road, rolled over twice, and then came to rest on its wheels facing the direction from which it had come.

Threldkeld was plant superintendent of the American Mattress Company.

Surviving are his wife, two sons, two ssiters, five brothers, and a nephew, A. T. Canant, Corsicana, and other relatives.

Widow Of Pioneer In Agriculture Is Dead

Dallas, Jan. 27—(AP)—Funeral services will be held here Monday for Mrs. Nancy Findley Brasher, 90, whose husband pioneered diversified agricultural practics in Texas.

Mrs. Brasher died at her home here yesterday.

A native of Union Parish, La., Mrs. Brasher moved with her husband, the late John Brasher, to Lamar county, near Paris, where he had extensive farming operations. They later resided at Bonham, Fannin county, where he put into practical application intensive farming methods which later came into general use.

Her husband died in 1902.

Mrs. Brasher is survived by a son and five daughters.

Several Fairfield Robberies Reported

FAIRFIELD, Jan. 27.—(Spl.)—Several robberies were reported in Fairfield Tuesday and Wednesday nights. A typewriter, adding machine, cigers, cilarettes, candy and a small amount of cash was taken from Cook's Cafe. A negro grocery store near town reported a quantity of flour and syrup stolen.

The high school was entered and all lockers were broken open and books and other articles scattered over the rooms.

Pain In The Appendix Region

By W. P. BROWN
Of Johnson's Pharmacy

Pain in the appendix region should always be regarded as serious and the doctor should be consulted at once.

Because medical science has been able to educate most people to this fact, mortality from appendicitis has been reduced and continues to decline steadily. Further education is necessary, especially to stress the dangers of self-medication, which may aggravate the condition.

Your doctor will be able to determine if an operation is necessary, or if relief can be had through treatment or medication.

When medicine is advisd, refer your prescription to a skilled, trusted pharmacist.

Five Corsicanans On Jewish Aid Committee

Five Corsicana residents have been named to the National Council of the Joint Distribution Committee, major American agency aiding Jewish survivors overseas, it has been announced.

They include Gabe Goldberg, re-elected to the group, and Sylvan Brustein, Alvin Marks, Abe Goldberg and Mrs. Gabe Goldberg.

According to the members, the group last year expended $58,500,000 for relief, reconstruction and emigration programs aiding nearly a million distressed Jews overseas. It has been estimated its needs for 1947 will be $122,250,000.

CONFERENCE

tititon "with all the means at their disposal."

Husseini demanded that the British labor government fulfill the pledges of former cabinets to Palestine, which, he said, guaranteed self determination.

A British judge, Ralph Windham, was kidnaped from a Tel Aviv courtroom by 10 Jews, Jerusalem police reported.

Four men and a woman, described by police as members of the Jewish underground, last night kidnaped H. I. Collins, a British bank director in Jerusalem, and disappeared with him into the mazes of an ancient Moslem cemetery, defying pursuit by 600 British troops which quickly surrounded the area.

Death Sentence Retaliation.

British authorities said Collins—a former British army major—apparently was seized by Irgun Zvai Leumi in retaliation for the death sentence pronounced recently on a member of the extremist organization, who is scheduled to die tomorrow for an attack on a Palestine police station in which several persons were killed.

The development cast a shadow of pessimism over the resumption of the talks which British and Arab officials began here last Sept. 9, and which were adjourned Oct. 2 without any notable progress being achieved.

The Jews, who boycotted the initial discussions, once again were absent from the council table—the Jewish agency having decided against participation at its recent conclave in Basel.

However, David Ben Gurion, chairman of the agency executive, was in London with his colleagues and it was understood he would be available for informal talks. Anglo-Jewish Association and Agudas Israel, international body of Orthodox Jewry—neither of which are associated with the Jewish agency—also are expected to seek an opportunity to explain their views.

The Palestine Arabs, who are represented for the first time are expected to present their case independently of the representatives of the seven Arab League states, to whom they left the early stages of discussion.

How the conference can reconcile the views of the Palestine Arabs, who are bitterly opposed to further Jewish immigration, with the demands of the Zionist, who want all or a major portion of the country, was a moot question.

Britain has offered to give full consideration to any partition plan which may be put forward, but the British press was frankly skeptical that any sort of agreement could be reached.

CONGRESS

said the commission would be "foolhardy" if it disregarded national defense as its prime objective "in the present state of international affairs."

Republicans aimed at a minimum 10 per cent slice in President Truman's $37,000,000 budget.

Chairman Bridges (R-NH), of the senate appropriations committee said a study of the financial situation has convinced him and other party leaders that the senate-house committee charged with making expenses meet income will have to fix an arbitrary limit for expenditures.

This should be at least 10 per cent below the president's figure, the New Hampshire senator told a reporter.

The joint committee gets down to work tomorrow as part of a week's schedule that includes expected house passage Wednesday of a measure extending the wartime excise taxes. These otherwise would be wiped out July 1 under president Truman's proclamation ending hostilities.

The president himself asked for the excise tax legislation and thus appears likely to have one of his major requests granted swiftly by the Republican congress.

Senate hearings on Mr. Truman's nominations for atomic commission members, beginning today, will share attention tomorrow with Secretary of Labor Schwellenbach's appearance before the labor committee on industrial disputed legislation. The same day, a commerce subcommittee has called Army and Navy experts for testimony on commercial air safety regulations.

Bridges said he thinks some allowances must be made for the possibility that the treasury will have to make extensive refunds on portal to portal pay judgments that might be obtained against employers.

The portal to portal issue is being threshed out by a judiciary subcommittee headed by Senator Donnell (R-Mo), with indications that some legislation may be sent to the floor this week.

The treasury already has announced that tax refunds will be in order if employers are required to pay for time previously spent by workers in getting ready to carry out their daily tasks.

Bridges said this might increase the approximately $2,000,000,000 allowed by the president in his budget for refunds of all kinds, but Senator George (D-Ga), said he doubts that any appreciable amount will have to be paid.

"These portal to portal suits are a tremendous worry to industry," said George, who is a member of the senate-house budget committee and former chairman of the senate finance committee. "But I don't believe they are going to result in any large recoveries for the people who have been suing."

in 1895, with Corsicana Lodge No. 63, IOOF, and citizens of Corsicana donating 200 acres of land. He spoke of acquiring of additional lands west of Corsicana and the laying of the first cornerstone in 1886. In 1889 and 1890, efforts were made in the Grand Lodge to sell the Home and abandon the project. He spoke of a similar question being raised a few years ago and its decisive defeat.

Selling is Opposed.

"I hope that ugly question to sell the Home never comes before the Grand Lodge again, but if it does, I'll fight it agan," Aston declared.

In 1891, there was only one boy in the Home and until 1895, the Home was supported by voluntary gifts. The old Home was destroyed by fire in 1905 and was rebuilt. By 1910, there were 300 students in the new Home.

Aston then paid a glowing tribute to the trustees of the Home and Grand Lodge and to Corsicana Lodge No. 63 and the citizens of Corsicana.

Corsicana Aid Lauded.

"Some have failed the Home but Corsicana has never failed since the Home was first established," the representative declared, and then urged the people present to return to their own homes and raise the necessary amount to finish the Home now under construction by the time that Grand Lodge meets in Amarillo in March.

Aston referred to the Homes in Corsicana and Ennis as the "Heart of Texas IOOF, where widow, orphan and aged will be cared for after we here have answered the final roll call."

Aline Trimble presented several pupils of the Home and later rendered a solo, "Sweet Mystery of Life," with Audrey Sheppard as accompanist.

Dance Program Given.

Mrs. M. S. Cook and Miss G'Nelle McWilliams presented a number of their pupils and classes in dance events.

Mrs. Gertrude Thompson was presented in a piano solo, while Evelyn Lovelace rendered a musical reading. Nora Hanson gave "Unawares."

Several piano pupils of Mrs. L. A. Rutherford were presented.

The local arrangements committee was presented—W. A. Chaffee, chairman; L. J. Foster, Paul Moore, Lida Foster, Vera Brooks, Geneva Baggett, Oleta Dixon, Dee Parker and others.

12 Lodges Instituted.

Mrs. Margaret Salsgiver, McAllen, president of the Rebekah Assembly, said 12 new lodges had been instituted and the membership now in Texas is 19,500, following an increase of 2,500 this year.

Mike Peveto, Beaumont, grand master, praised Sherman C. Reed, Dallas, past grand master, who returned the invocation, as the man with the wisdom, love and foresight to launch the campaign for the new Home here.

There have been 12 new IOOF lodges instituted with a gain in membership in Texas of 3,500 the past year. He said the compaign to finish the Home would go over the top.

Margaret Stone, Rock Springs, Texas, said the auxiliaries in the head of the Ladies' Auxiliary in the past six years had increased from nine to 29 and the membership from 250 to more than 1000.

Corsicanans Paid Tribute.

Major Gen. E. N. Paslay, Dallas, department commander, Patriarchs Militant, spoke of the growth of his department and paid a glowing tribute to Corsicana lodges, adding that any person desiring an inspiration should visit the Corsicana lodges and Home.

General McLaughlin and A. A. Payne, both of Tyler, spoke of the Patriarchs Militant and the Grand Encampment growth. McLaughlin heads the Patriarchs Militant (Cantons) of the World, while Payne is grand high priest of the Grand Encampment.

Conley Lovelace and his wife, superintendent and matron of the Home, were presented.

Many Leaders Present.

Among the prominent leaders present in addition to those already mentioned, were J. D. Warren, Gilmer, past grand master; John F. Ross, Amarillo, past grand master; M. M. Madison, Sweetwater, trustee and past grand master; S. M. Williams, Dallas, grand secretary; H. H. Lummus, Ennis, scribe of Grand Encampment; J. W. Hampton, Dallas, treasurer, former superintendent of the Homes; Arthur Stevenson, Dallas, member reconversion committee; Ruby Jobe, Waco, past president and past trustee; Leland S. Dupree, Dallas, reconversion committee.

W. S. Martin, Fort Worth, trustee; L. D. Eubank, Waxahachie, trustee; Louise Reinike, Houston, vice president, Rebekah Assembly; Lockett Stewart, Navasota, vice chairman of trustees; Clarence E. Woods, Lubbock, deputy grand master; Mattie E. The only body recognized for certain in the wreckage of the plane, airport officials said, was that of Prince Gustaf Adolf. Among the charred bits of the plane were found Miss Moore's portfolio containing her diary and music.

Sweden went into national mourning today for Prince Gustaf Adolf, popular grandson of King Gustaf, who met death while going home from a hunting trip to Holland, where he was a guest of Prince Bernhard, husband of Crown Princess Juliana of The Netherlands.

The 40-year old heir to the Swedish throns had been active in the civic affairs of his country, serving as head of the Boy Scout movement and supervisor of a national health program.

As a result of his death his nine-months old son, Karl Gustaf, becomes second in line for the throne.

Crown Prince Gustaf Adolf will not arrive in Copenhagen to claim his son's body until Tuesday, as he is suffering from a slight cold, it was announced today.

Memorial services for the dead prince will be held Thursday in the Swedish church of Copenhagen.

Miss Moore was born in Slabtown, near Rio, Tenn. The family moved to Jellico when she was five. Slim, blonde and comely, she was known as the "glamor girl" of the opera. She made her debut in musical comedy and starred in several motion pictures, but her first love was grand opera.

During the war she sang for troops both here and abroad, paying her own expenses and sacrificing many concert engagements.

Taken From Courtroom

Unofficial sources said the abductors of Judge Windham were well dressed and apparently arrived at the Tel Avid court building in three taxis. They addressed the judge in Hebrew and ordered him to accompnay them. The courtroom was partly filled, but no case was in progress.

Windham, who is 42, is heir to the ancient Bowyer-Smyth baronetcy. He is president of the Tel Aviv court. He has been in colonial service for 15 years, 11 of which have been spent in Palestine.

The second abduction came as British troops and police clamped a mid-morning curfew on two Jewish sections of Jerusalem and launched a house-to-house search of the areas in a hunt for Collins.

British authorities said the first kidnaping also was apparently in retaliation for the scheduled execution.

ed fairly, received good money for their services and had many privileges." Questioned about the possibility of a settlement with the old crew, Nettles said it was not being considered.

The girls involved in the strike welcomed an opportunity to air the subject, although none wished her name to be attached to a statement.

Ask $12 Week

The waitresses had requested a pay increase from $8 to $12 per week, according to a spokesman for the group. Tips boosted that amount and meals were furnished, the number depending upon the shift. Management, according to the grievance statement, did not furnish uniforms, laundry or incidental expenses. Overtime services, which each girl estimated as running an hour beyond her eight hour shift, were not compensated. Average local pay is $15, according to waitresses involved.

"Each girl who participated in the strike," stated one of the group, "depends upon her earnings for income. Some have dependents. We are not able to live on that basis of pay." None of the girls expected to be called back to work at the coffee shop.

Some establishments, according to the strikers, pay as high as $17.50 but these are cafes where patrons are less inclined to tip generously. The striking waitresses contend that under the present management price increases on the menu have cut the amount of tips received. Under the arrangement terminated by the walk-out, the girls were dependent upon the public for pay in the form of tips, according to their representatives who appealed to a Daily Sun reporter to inform readers of the circumstances.

Striking waitresses were Mrs. Irene Jackson, Mrs. Virgie Phelps, Mrs. Mattie Lee Grimes, Mrs. Margie Lynch, Miss Pauline Bonner, Mrs. Beula Flinn and Mrs. Mattie Mash. Mrs. Flinn has attended the wants of shop patrons for twenty-one years, serving under eight managers. Mrs. Phelps has been employed in the Navarro shop for five years. The waitresses are not members of any union or labor organization.

In addition to universal training, Secretary of War Patterson included a volunteer regular army and enough money for essential operations as the basic requirements for an army "adequate to safeguard the nation." He pleaded against any congressional paring of the army's $6,700,000,000 budget for the coming fiscal year.

Mrs. Ray Waller will discuss "Training for Economic Efficiency" at the regular meeting of William B. Travis Parent-Teacher Association on Tuesday afternoon at 3:15 o'clock.

FOOD

CONTINUED FROM FIRST PAGE

Nations set as a desirable objective the provision of one square meal daily. This objective would cost in all about $20 per year for each child.

One Square Meal.

The international children's emergency fund in its operation would make possible imports to supplement national food supplies until they reached the level of a square meal a day—some 700 calories or more of food value.

In addition, the fund may be able to supply funds for clothing, shoes medical supplies and aid in such institutions as orphanages and children's homes.

The fund's monies will come from any voluntary contributions made by governments, voluntary agencies, individuals and whatever is given by the United Nations Relief and Rehabilitation Administration.

The UNRRA council already has given the fund $550,000.

ear Veteran Friends:

Did you know that National Service Life Insurance which has lapsed may be reinstated, and if done before February 1st, without physical examination? Did you know that your G. I. Terminal leave bonds can be used to pay your government life insurance premiums?

We urge you to continue in force, or to reinstate, this insurance. It is one of the most valuable benefits which you possess by virtue of your military service. It may be kept as "term" insurance or converted to one of six other types of insurance.

The representatitve of the Veterans Administration, 206 State National Bank Building, will be glad to discuss these matters with you.

Sincerely yours,

N. Suttle Roberts

END OF HOSTILITIES DOES NOT AFFECT ITS OPERATION, VA SAYS

The Veterans Administration has ruled officially that President Truman's recent proclamation ending hostilities has no effect on most of the laws administered by VA, Robert C. Reeder, contact representative, announced today.

Reeder said he has been informed by the VA's Waco regional office the date of the official termination of the war rather than the cessation of hostilities will establish the deadline for educational, loan and readjustment allowance provisions under the GI Bill (Public Law No. 346.)

The same ruling applies to vocational rehabilitation under Public Law 16 for disabled veterans, VA said.

Under the GI Bill, loans may be guaranteed or insured by VA up to ten years after the end of the war. Education or job-training may be started up to four years after the war. Readjustment allowances for discharged veterans expire two years after the end of the war.

Disabled veterans eligible for education or training under Public Law 16 face no specific deadline, but they must complete their training within nine years after the end of the war.

Non-service-connected death and disability cases rights depending on war veteran status alone—such as hospitalization, domiciliary care and burial allowance—will be accorded only to those who served between Dec. 7, 1941, and the date of the president's proclamation, Dec. 31, 1946.

Also affected, VA said, are Army and Coast Guard cadets and Navy midshipmen. They no longer have an active duty status for the purpose of laws administered by the VA. Therefore, their service after Dec. 31, 1946, as cadets or midshipmen, may not be credited for veterans benefits.

The VA ruling specified that wartime rates of compensation will continue to apply to service-connected disability and death cases for members of the armed forces until the official termination of the war.

For further information contact the local VA office, located in Room 206, State National Bank building.

Lloyd K. Carraway 1947 Red Cross Fund Chairman

Lloyd K. Carraway has been chosen 1947 fund chairman, Navarro chapter, American Red Cross, J. N. Garitty, chapter chairman, announced today.

Carraway fills the place made vacant through the resignation of Wartime Fund Chairman W. B. Levy.

Campaigns directed by Levy while American youth paid with blood on foreign fields, were always successful, and the money contributed by Corsicana and Navarro county citizens far exceeded each quota assigned.

"Under the direction of Carraway, we feel confident that the Navarro County Red Cross chapter will continue to meet and over-subscribe its quota ah has been the custom in previous years," Garitty said in announcing the new chairman.

The national quota is $60,000,000. The local quota has not yet been announced.

Care Is Urged In Cleaning Of Glass Cooking Utensils

Glass cooking ware should never be cleaned with knives or other rough scouring materials, says Eva Sue Merritt, county home demonstration agent.

Scraping with a knife or scouring with steel wool may scratch the protectitve surface of the utensil and cause the glass to crack. Even a slight scratch may make the glass less resistant to breakage, says Miss Merritt.

Generally, glass utensils need only to be soaked in luke warm water and then washed in soap suds. This should clean them thoroughly enough. When baked food on the glass becomes hard to loosen, you can add a little baking soda to the soaking water to help loosen these hardened foods. If some brownish stains still remain, you can remove them by rubbing with dry baking soda.

INFANT NAVARRO JR. COLLEGE EXCEEDS HOPES OF "PARENTS" AS FIRST SEMESTER GREAT SUCCESS

By ROB CAMPBELL
Daily Sun Staff.

First semester examinations at Navarro Junior College were finished Thursday and officials of the infant institution looked back on its first months and were well satisfied with its growth.

It hasn't been long since President Ray L. Waller borrowed 250 chairs and some desks and had a college going.

On July 16 the voters of Navarro county authorized creation of the school, voted a tax for its partial support, and named its initial board of trustees.

Running Smoothly.

Six months later the college was running smoothly. Running, in fact, even beyond the expectations of the supporters. They believed the first year would be one rife with many difficulties. There were some, to be sure, but when the second semester of the first year is over, officials say, they will have accomplished much more than they had anticipated.

When the first semester reached its close Thursday there were 250 students learning things at school, the site of which is the old Corsicana Air Field. Here during the war the nation's youth learned other things, such as how to die, and maybe keep from dying.

Situated 6.5 miles south of Corsicana, the air school was crowded with embryo fliers learning the intricacies of taking a plane aloft and returning it intact.

The air field, like all airfields slung across the nation, had its crosses.

13 Killed in Crashes.

Nine cadets and four istructors died in crashes. Strangers in a strange land, they plunged to their deaths—the former while learning, the latter while teaching.

On Oct. 16, 1944, the last class of cadets went away. On Nov. 15 of that year the government officially closed the field.

It marked the death of one kind of school, the birth of the idea for another. There were empty buildings; the government had a lease that didn't expire until 1952, and carried another 10-year option.

Navarro didn't have a junior college and wanted one. The government gave its blessing, and the voters did the rest.

The county had a college complete with buildings—and a "campus" that stretched to the horizons across the J. N. Edens ranch holdings.

President Waller, a dynamic, youthful-appearing man with many years of educational work behind him, Friday prepared for the second semester with coinfidence. Registration will be Monday and Tuesday. Classes begin Wednesday, Jan. 29.

Increased Enrollment.

It was anticipated that the enrollment would climb to at least 300, and perhaps more. Many applications have been received.

Of the 250 students who rounded out the first semester, 129 were veterans, 77 non-veterans, and 44 are girls. They take the usual curriculums—the specified courses of study offered in pre-medical, pre-law, pre-engineering work, plus business administration. By next year it is the plan to offer a complete one or two year business course, including shorthand and typing, business mathematics and English, accounting and bookkeeping.

During the first semester, however, all was not work. There was little time to organize a gridiron contingent, but it was thrown togeher by Coach Kenneth H. Clark. Waller knew where he could buy scarce equipment. The junior college put a football team in the field, and it chalked up a commendable record for a first-year outfit.

Clark has moulded a basketball team, and when spring comes he will have a track team ready for competition.

Probably the greatest improvement to be offered potential students is the increase of the transportaion facilities. Already two buses are operating, running daily from Frost and Kerens. Next week another will be added, linking Mexia, Wortham, Angus and Richland to the college. Another is expected soon to serve the Rice area. By next fall one will contact Dawson. One also will go to Fairfield and Ennis, and perhaps on to Ferris.

Buses for Students.

Students living in any part of the county will find a bus to take them to their carses and bring them back. Many are using their private cars now to make the daily trips.

The cost of transportation is included in the tuition fee—it is $55 per semester.

The tuition is only one source of revenue for the college. There is the tax the voters authorized, plus a state appropriation of $60 per student, provided they are not war veterans. The Veterans Administration pays the expenses of qualified veterans.

The president likes his college. As he entered the administration building Thursday three little girls and a puppy were having a time of it.

"Hi," they chorused.

"Hi," he said, extending a few head-pats.

He pointed out the buildings where the veterans and their families live while the veteran takes up his education where he was forced to leave it off. There are 15 families of veterans living on the campus. In addition there are 18 single veterans, and four girls having living quarters there. The families get their housing for $20 a month; the single ones pay $5.

Nine Buildings.

The government allocated nine buildings. One is used for the administrative work, with the Veterans Administration having offices for co-ordinated work also there. There are two classroom buildings, and the old mess hall and recreation building is used to house a cafeteria and library. The hospital building is utilized for the homemaking instruction, a hangar for physical education and shop work. A storage building and garage are used for industrial education courses, including instruction in wood and metal work. Two barracks are used for housing.

The college is well-staffed. Waller has his B. A. degree from Texas Tech, and his Master's Degree from SMU. C. G. Strickland, the dean, took his B. A. and his Master's Degree from Baylor, and has worked on his Ph. D. degree at the University of Texas. Gasten T. Gooch, the registrar, took his B. A. and Master's work at North Texas State College.

Board of Trustees.

On the initial board of trustees named by the voters the county is well represented. O. L. Albritton of Corsicana, is the chairman of the board: L. B. Bonner of Eureka is vice chairman; L. K. Carraway of Corsicana is secretary, and R. R. Brown of Corsicana, treasurer. Bruce McCormick of Blooming Grove, Curtis Patterson of Frost, and J. W. Richards of Richland are the other members.

The president said no person who trained at the field during the war now attends the college. "Often they drop by," he said. "They just want to see the old place again."

BETROTHAL REVEALED—Announcement has been made of the engagement of Miss Dolores Wortham, daughter of Mr. and Mrs. Lynne A. Wortham, to E. B. Harris, Jr., son of E. B. Harris. The wedding will take place February 15th at First Methodist Church with Miss Carey Kinsolving of Washington, D. C., cousin of the bride-elect, and Leldon Harris, brother of the bridegroom-to-be, as attendants.

Wortham Study Club Meeting Is Held

WORTHAM, Jan. 24.—(Spl.)—Mrs. Van Hook Stubbs was hostess for the regular meeting of the Wortham Study club Wednesday evening. Decorative arrangements of lavender and yellow chrysanthemums and a glowing wood fire provided the decor for the occasion. Mrs. Ernest Strange, president, presided over the business meeting, in which Mrs. Edgar Hubbard's resignation as a member was accepted, since Mrs. Hubbard leaves in a few days for her new home in Lampasas. Mrs. J. W. Lee was elected to fill the membership vacancy. Mrs. Franklin Simmons resigned as chairman of the Youth Center; Mrs. J. G. Longbotham was named chairman and Mrs. Gussie Weaver was added to the Youth Center committee. Plans were made for a coffee Saturday morning Feb. 1 for the president of the Texas Federation of Women's Clubs, Mrs. Florence J. Scott of Rio Grande City, who will be the house guest of Mrs. Van Hook Stubbs.

"Life is too short to be little," Mrs. Wimberly quoted in her introduction as leader of the afternoon program. Program participants were: Miss Grace Hackney, Mrs. Wade Odom and Mrs. John Munroe, who gave an interesting program of music, and discussions of the "Year's Outstanding Personalities." Refreshments were served during the social time.

Charles C. Wicker died in Los Angeles Tuesday, according to information received by relatives in Ellis and Navarro counties.

Surviving are three brothers, Bob Wicker, Waxahachie; Jim Wicker, Fort Worth and and Jeff Wicker, Los Angeles; and two sisters, Mrs. Lucy Page, Rice, and Mrs. Jim Adair, Dallas.

January 31 Deadline Crop Insurance Claims

Local ACA Administrator Cline Young reminded farmers Thursday of the January 31 deadline for crop insurance claims under the Federal Crop Insurance program. Any insured producer who had a loss is required to file his claim by that date in order to have his claim honored.

Young pointed out that farmers who have insured cotton still in the field unharvested must still file their claim. Insurance adjusteers can appraise the cotton left in the field.

Jury Excused.

The petit ury for Tuesday, Jan. 28, was excused shortly before noon Friday by A. P. Mays, district judge. Those summoned were being phoned or mailed cards from the district clerk's office Friday afternoon not to report for duty.
